## Socceroos Supporters Information

### South Africa

The host cities of South Africa are like many cities all over the world and have their share of crime and related activities. The FIFA Organising committee are well aware the event attracts many thousands of football supporters and as such have assisted to increase security as they do for any major event. Safety of our travellers is a priority on our tours and we have selected accommodation and transport options with this in mind.

### Flights

International Flights from Australia to South Africa will include transfers to your accommodation in Johannesburg at a cost of approximately \$2590 plus applicable airline taxes. Flight departure dates will be confirmed after the draw in December 2009. Advising FIFA of the flight arrangements is an essential element of our agreement to conduct supporter's tours.

If domestic flights are required for games they will also be advised after the draw.

### Accommodation

Johannesburg has been selected as an ideal base for our Socceroo packages simply because 7 of the 10 venues are nearby. All accommodation has been inspected to meet the standards of 3, 4 & 5 star ratings.

### Match ticketing

All our match tickets are from the Official FIFA Ticketing allocation. Additional match tickets may be available on request.

Supporters with their **own tickets** are welcome to join the tour with an equivalent reduction.

### Match Ticket upgrade

Group Match ticket upgrades available on request - costs on page 3.

### Booking Forms

Bookings must be made on the Official Booking Form and all payment schedules to be met per the terms and conditions.

### Note:

All prices are per person and subject to availability at time of booking. Prices may fluctuate subject to variations in currency exchange rates, airline and government taxes, supplier tariff reviews, etc.
